## Sage Payroll PayCard

## Paycards and WageBank by FlexWage

# Payroll Debit Cards

Every live paycheck you issue on payday is costing you more time and money than necessary. By paying your employees who still receive paper checks with a Sage Payroll PayCard, you reduce the payroll costs, streamline your payroll processes, eliminate lost checks, and provide your employees with a faster, safer way to receive their pay. A payroll card program is complimentary to your direct deposit program, utilizes the same process, and will help you achieve 100% electronic pay.

The Sage Payroll PayCard is a prepaid card that simplifies paying employees without bank accounts. It can be used anywhere Visa debit cards are accepted for purchases (in-store and online), to pay bills, or to get cash. It provides financial empowerment for your unbanked employees, who will now enjoy the convenience and security of the core financial services many take for granted.

### WageBank

WageBank, powered by FlexWage Solutions, is a proprietary solution that enhances your Sage Payroll PayCard program with a compelling benefit. Tens of millions of working Americans frequently find themselves in need of interim funds. When faced with financial shortfalls, employees without access to traditional credit often resort to expensive alternatives such as payday, car title, and pawnshop loans. These high-cost loan products create a difficult-to-escape debt trap cycle resulting in additional financial hardship and more stress. The impact on employee health, productivity, and effectiveness costs employers money. WageBank solves the problem by providing automated access to earned but unpaid wages based on employer policies. This can save employees over \$700 annually and help them stay focused on their job, not their finances. WageBank is not a high-cost loan, but a responsible low-cost, risk-free way to deal with life's unplanned expenses.

### **A Winning Combination**

This powerful technology, available only through FlexWage Solutions, makes the Sage Payroll PayCard program more compelling to employees, which results in additional benefits to the company. Improve employee satisfaction and productivity, accelerate payroll card adoption and cost savings, and improve employee financial wellness with the Sage Payroll PayCard and WageBank.
